Thundercat Sports

Thundercat Sports is a local organization that runs summer camps, after school/weekend youth sports clinics, birthday parties and more. The unique, skill based sports program is focused on the 3 – 14 age group. Thundercat Sports began as Wildcat Sports, with the first programs run in Sudbury, MA. Management at Thundercat Sports has experience running programs for tens of thousands of kids.

Thundercat Philosophy: Learning sport skills and having FUN do not have to be mutually exclusive! Thundercat teaching techniques maximize learning and fun while keeping the kids very active. Thundercat stresses teamwork and sportsmanship and strives to create an atmosphere that enriches each child's sports experience. While teaching and having fun are important, creating a safe and welcoming environment is the foundation upon which they build.
